The terms "I", "me", "my", shall herein refer to the above registered rider and the parents or legal guardians thereof if a minor.
- C. **ACTIVITY RISK CLASSIFICATION.** Horse riding is classified as a RECREATIONAL SPORT ACTIVITY, and there are numerous obvious and non-obvious inherent risks always present in such activity despite all safety precautions. Related injuries can be severe requiring hospital days and resulting in more lasting residual effects than injuries in other activities. May even result in death
- D. **NATURE OF RIDING A HORSE.** No horse is a completely safe horse. Horses are 5 to 15 times larger, 20 to 40 times more powerful, and 3 to 4 times faster than a human. If a rider falls from horse to ground, it will generally be at a distance from 3-5 feet, and the impact may result in injury to the rider. Horse riding is the only sport where one much smaller, weaker predator animal (human) tries to impose its will on, and become one unit of movement with, another much larger, stronger prey animal with a mind of its own (horse) and each has a limited understanding of the other. If a horse is frightened or provoked it may divert from its training and act according to its natural survival instances which may include, but are not limited to: Stopping short; changing directions or speed at will; shifting its weight; bucking, rearing kicking biting, or running from danger.
- E. **RIDER RESPONSIBILITY.** Upon mounting a horse and taking up the reins the RIDER is in primary control of the horse. The RIDER'S safety largely depends upon his/her ability to carry out simple instructions, and his/her ability to remain balanced aboard the moving animal. The RIDER shall be responsible for his/her own safety.
- F. **CONDITIONS OF NATURE.** We are **NOT** responsible for total or partial acts, occurrences, or elements of nature that can scare a horse, cause it to fall, or react in some other unsafe way. SOME EXAMPLES ARE: Thunder, lightning, rain, wind, wild and domestic animals, insects, reptiles, which may walk, run, fly near, bite and/or sting a horse or person; and irregular footing on out-of-door groomed or wild terrain (and which is subject to constant change in condition according to the weather, temperature, and natural and man-made changes in landscape).
- G. **INSPECTION OF PREMISES.** RIDER has inspected the premises and facilities where we are located at Wapley Riding School Ltd and is satisfied that all premises conditions are reasonable safe for RIDER'S intended purpose, usage and presence upon Wapley Riding School Ltd premises.
- H. **PROTECTIVE HEADGEAR WARNING:** I the RIDER have been fully advised that I must purchase and wear a properly fitted and kite marked riding hat, and that the wearing of such headgear while mounting, riding, dismounting, and otherwise being around horses, may prevent or reduce severity of those head injuries and even prevent death from happening as the result of a fall or other occurrences. Proper riding boots are required and Wellingtons/Trainers are not permitted. I am aware that should I use a riding hat from the premises I take full responsibility for its fitting.
